CUSTOMS

The Carnegie Creative Studio can help create a myriad of textile solutions for any project. In addition to special colors, widths and yarn contents we can create new patterns and constructions to satisfy all design concepts.

All Custom orders require a 50% deposit. Customers must accept up to 10% overage from production. Custom orders are non-cancelable.

FLAME RETARDING

Fabrics identified as inherently flame-retardant (IFR) meet the requirements of the NFPA 701 standards as well as many local tests. Most fabrics which are not inherently flame retardant can be chemically processed to pass the same tests.

It is solely and entirely the customer's responsibility to determine which tests apply at the place of installation and whether the fabrics specified meet the flame-retardant requirements of that locality.

BEADED WEIGHTING FOR WIDER FABRICS

We can provide beaded weights sewn into the selvage of many of our extra wide casements and sheers. \$275 for 15 - 55 yards and \$5 per yard.

WALLCOVERING INSTALLATION INSTRUCTIONS

Suggested procedures for Wallcovering Installation are included in every roll of wallcovering material shipped. It is important the installer read these before proceeding. These are also available upon request through our Client Experience department or web site.
